

Welcome to Put it on the Bias Outline for the Class -- Beginners and Beyond

This is a Video Only Class

Join me as I take you step-by-step through the process of making a bias 4-gore skirt. This class covers it all. From preparing your pattern to fitting your skirt to five different hem techniques. I will be working with a variety of fabrics. I'll illustrate how to work with fabrics that are easy to cut out and sew -- soft denim, linen and knit. Then I'll give you tips on working with more challenging fabrics as I create a lining. Learn how to make matching stripes a snap when you're cutting out the pieces and inserting a zipper. See how easy it is to draft a custom facing to finish the waistline. You'll also have the opportunity to see what happens when things don't go exactly as planned!

- Lesson 1. Introduction to the Bias Grainline
- Lesson 2. How to prepare your pattern pieces
- Lesson 3. How to layout and cut out the fabric (Three separate videos for a variety of fabrics)
- Lesson 4. How to match easy stripes (Part 2-How to match directional stripes)
- Lesson 5. How to sew seams (Four separate videos for matching stripes and variety of fabrics)
- Lesson 6. How to adjust for fit (Part 2-How to adjust the flare at the hem)
- Lesson 7. How to finish and press seams
- Lesson 8. How to insert a zipper (Part 2-How to put in a zipper while matching stripes)
- Lesson 9. How to construct a waistline facing
- Lesson 10. How to finish the waistline with a facing
- Lesson 11. How to tame a stretched out waistline (Part 2-How to finish waistline with a lining)
- Lesson 12. How to mark a hem
- Lesson 13. How to do an easy elastic waistline using the serger
- Lesson 14. How to finish the hem (Five separate videos--Leave it raw, decorative hem on the serger, faced hem, faced blind hem and narrow hem)
