

LOES HINSE patterns are based on the designs for her boutique in Carmel, California. Her concept reflects soft feminine shapes with simple lines that are easy to mix and match. Because of this concept, the patterns can be made in a variety of fabrics that can be used again and again. Loes' European training and years of experience working with a variety of women with different needs and lifestyles resulted in an understanding of timeless, yet modern clothing.

Description – Two panel skirt with side seams and center front seam with slit. Elastic waistband. Ease 1”.

Suggested Fabrics – Use lightweight fabric with drape. Rayon, microfiber, silk, chiffon, cut velvet, stretch velvet and fine knits.

Notions – 1” wide non-roll elastic (see measurement chart on instruction sheet for length).
